Hispanic Chamber  
of Commerce

## Speaker Series Program

The Greater Dayton Hispanic Chamber of Commerce reaches out to its membership through different initiatives including informational sessions called Speaker Series.

The purpose of the Speaker Series is to:

- 1) Provide the Latino business community with information, tools and resources that can help them learn how to conduct business in the United States.
- 2) Offer the US business community information about how to reach and serve Hispanics, understand their needs and respond appropriately with quality products and services.

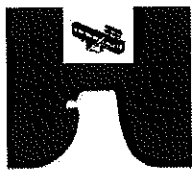

The speakers for this program are selected by a committee based on the information provided in this form and the available programming schedule for the current year. There may be instances where the program is full for the year and interested parties may not be able to make a presentation. The option of applying for the following year is available. We will try to work with potential speakers to find other alternatives to become involved with the Chamber and share their information and knowledge with our membership.

All presentations last for approximately 30 minutes and are encouraged to allow at least 15 minutes for questions/answers.

Please complete the information on the next page and submit to Bill Castro, President by email to [elmeson@aol.com](mailto:elmeson@aol.com) or regular mail to:

Bill Castro, President  
GDHCC  
903 E. Dixie Drive  
West Carrollton, Ohio 45449

Thank you!
